

## 9) Checking your results and seeing if work was correctly submitted

- To see if your work has been properly submitted go to the "My Results" tab

- You will see all the assignments you have submitted, when you submitted them, and who received them

- Click on [Work] in the 3rd column to see any work you have submitted
- The Criterion and Rating columns tell you how your professor assessed your work
- Any comments from your professor will appear in the final column
